

The Candle Fold

Variation
Tie a bow around folded napkin

Best with our
50/50 poly-cotton Twill
or Spun Poly

Here's how it's done...

1.

Fold a square napkin into a triangle.

2.

Turn the folded edge up 1 1/4".

3.

Turn over so that the fold is underneath.

4.

Beginning at the left corner, roll the napkin carefully with the folded edge outward.

5.

Tuck the end in to hold roll in place
and fold down one layer of the top point.
Stand.

Enjoy!

The Fleur de Lis Fold

Best with our
Basic Polyester

Here's how it's done...

1.

Fold the napkin in half from top to bottom.

2.

With the open edges on top, fold the left and right point down to the center.

3.

Bring the left and right points up to the center

4.

Pinch the bottom points and sides together and slip on napkin ring.

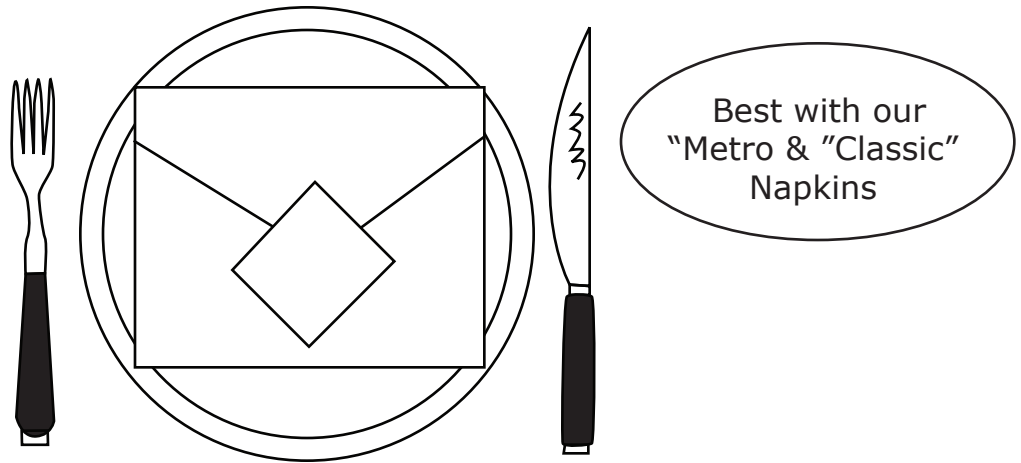

5.

Peel back the top layer on each side.

Enjoy!

Envelope Fold

Here's how it's done...

Fold the napkin in half across the diagonal.

Fold the two outside edges into two-thirds along the lower edge.

Place a finger over the center across all thicknesses and fold back the right hand flap across the center.

Take the tip of the small triangle and put it in the "V" of the folded sides to make a diamond.

Fold down the top point and tuck it into the diamond shape to close the envelope.

Enjoy!

The Wing Fold

Our Cotton Twill or Spun Polyester is perfect for this!

Here's how it's done...

1.

Fold the square napkin with the outer edges towards the center. Edge to edge

2.

Fold the four corners out diagonally.

3.

Top half: Roll very tightly to the center point.
Top Bottle: Continue from the roll half and accordion fold to the bottom.

4.

Fold in half with the roll in the center
Stuff into goblet, fanning out the accordion portion.
